## PROOF SETS.

Proof condition is an absolute state, and describes a specimen which has been specially struck for collections, and implies that the coin has been preserved uninjured in a cabinet; and it is therefore superfluous to add the words brilliant, perfect, etc., but when it has been damaged in any way, such as brushing or scratching by cotton, causing the injury termed haymarks, or has been nicked or become badly tarnished, etc., the fault should always be mentioned.

- 514 S 1860 Complete proof set. *cost 5.25* 7 pieces.
